

# FREE NURSE CLINICS

The Friendly Animal Clinic offers **FREE** nurse clinics with our qualified Veterinary Nurses to help keep your pet in tip top condition.

## Our clinics include:

**FLEA & WORM** – Our nurses can advise you on the best flea and worm treatments for your pet. We can help administering the products as we do understand that getting cats and dogs to take tablets can be easier said than done sometimes.

**WEIGHT BUSTER** – a bit like Weight Watchers but for our furry friends. Regular check-ups with the nurse and dietary management to help your pet lose weight and keep slim.

**DENTAL CARE** – dental examination and advice to help you keep your pets mouth clean and healthy, just as important as our visits to the dentist.

**PUPPY & KITTEN** – making the visits to our practice a fun experience. Weight checks, advice on neutering, flea and worm control, diet and a cuddle or two!

**SENIOR PET CLINIC & SCREENING** – helping you spot the early signs of age related disease also dietary advice to help make your pets golden years happy ones. Lots of fuss and cuddles also included.

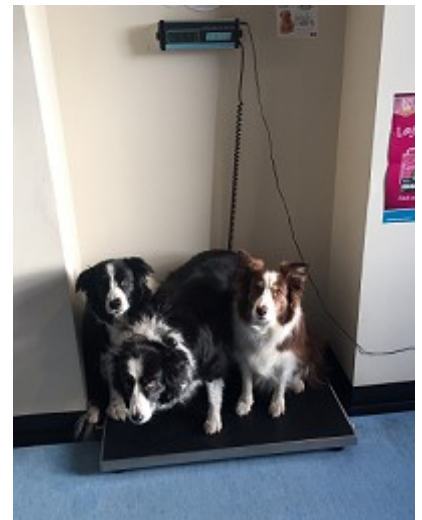

**RABBIT MOT** – Advice on nutritional requirements, dental care also worming and parasite control. Including any other husbandry care issues or questions that you may have.

**If you are interested in any of the above clinics please ask for further information at reception or contact us on 01422 834336.**

Book in your rabbit for a free check over with one of our qualified nurses

PLEASE NOTE: No consultation fee will be charged for the clinics, however our nurses may recommend the use of certain products for which there will be a fee charged.

Full family weigh in at the Weight Buster Clinic
